>>> Will he make it? He has all the skills.

Big ideas. Infinite creativity. A great portfolio.

But years of hard work, training and top marks aren't enough. No one ever told him that he'll spend more time managing the business than he will designing. Once he graduates he'll be studying bills, timesheets, expenses, estimates, and budgets. Let's hope he's a fast learner.

If he doesn't make it, he won't be alone. In fact, 85% of firms like his go out of business within the first 5 years of opening their doors.*

FunctionFox is dedicated to helping aspiring design professionals and students of design succeed with their business. FunctionFox offers an easy to use, online tool for tracking time and expenses, keeping to estimate, and managing clients and projects. Our simple system helps designers take care of the business of design, leaving more time for the work you love.
